

Project Number: 80063071.01

10 November 2023

Hello,

### **Vyrnwy Aqueduct Modernisation Programme – 24 hour monitoring of our aqueduct**

Thank you for your continued patience and understanding while we've been carrying out pipe lining activity between Mates Lane and Hampton Post Lane (AP1001 to AP1007). This element of our programme is nearing completion and we'll then need to carry out monitoring activity along the new pipe section.

#### **What will this work involve?**

The work will begin on Monday 13 November and will involve two members of our team monitoring the working areas hourly at Mates Lane, Witney Lane, A41 and Coach Road for brief periods, including overnight. We expect this monitoring will be complete by Friday 17 November.

We'll do all we can to carry out the monitoring with minimal disruption however, you may notice the use of torches and van mounted lighting (only if necessary) for brief periods during the darker hours. All lighting will be turned off between each monitoring period, and once complete, we'll temporarily reinstate the land until we return to carry out the final lining phase of work, which we expect will be from summer 2024.

#### **Keeping in touch with us.**

We understand that work of this nature can be disruptive and we're very sorry for any inconvenience this work may cause you.

If you have any questions, you can call us on **0345 672 3723** quoting project number 80063071.01, contact us via our social media channels or complete the feedback form on our virtual exhibition site. We'll be happy to help.

Information about this project can be found on our virtual exhibition at [uuhub.co.uk/vyrnwy](http://uuhub.co.uk/vyrnwy) or simply scan the QR code below to head straight there.

Thank you,  
Customer Services team
